To whom it may concern:

This letter is with regard to Adcon services.

We are a sales based company that has been in business for close to a year. We do not have time to deal with all our accounting details and taxes. I needed to find a credible company that we could trust, Adcon is that company.

Reema has been providing us services close to a year her work is always been quick and accurate. She has helped me set up our Quick Books, Reema truly made this so easy to understand. She has always been there for us even if I asked her the last week of the quarter or in tax season.

She is very intelligent person who is a real professional.

Without question, I would highly recommend Adcon services to anyone of my friends & colleges.
